Email:shivamraj918815@gmail.com
Mobile: +91 6399666608

SKILLS

Languages: C, C++, Java, Python
Tools: Git, GitHub, Linux, Matplotlib, Tkinter, NumPy, Pandas, Maven
Frameworks: TensorFlow, Express, React, Node, Spring
Soft Skills: Articulation, Organizer, Critical Thinking, Leadership

PROJECTS

- RepMate |** GitHub | Project Link | MongoDB, Express.js, Node.js, React.jsJun'2025 - Present
- Tackled manual workout tracking; built real-time **computer vision** assistant with 96% **rep detection**, reducing manual counting by 90%, and enabling hands-free workout monitoring using live camera input.
 - Enabled **posture analysis** and **performance insights**, improving workout precision by 60%, through **pose estimation** models and real-time feedback mechanisms.
 - Introduced **gamification** and analytics (streaks, badges, rep-speed, summaries), boosting motivation by 65%, consistency by 50%, and retention by 58%, while enhancing **user engagement** through personalized progress tracking.
- FinTrackAI |** GitHub | Project Link | MongoDB, Express.js, Node.js, React.jsJul' 2025
- Faced unstructured financial data and manual logging; built **AI expense categorization** with 92% accuracy, reducing user effort by 65%, and enabling faster, **automated transaction tagging** for seamless tracking.
 - Minimized errors by 48%, improving financial tracking accuracy and overall **system reliability** by implementing **validation pipelines** and intelligent **data preprocessing** techniques.
 - Designed **analytics dashboard** for spending insights, boosting financial awareness by 70% and engagement by 55%, with interactive visualizations and **real-time financial summaries**.

TRAINING

- FLAMES '25 MERN with Gen AI | W3grads |** CertificateJul'2025
- Addressed **development bottlenecks (skill gaps, AI issues, database lag, deployment)**; optimized **workflows**, enabling **faster development** and **stable deployments**.
 - Improved **AI reliability** and **system performance**, ensuring **consistent outputs** and **scalability**
 - Resolved **collaboration issues (merge conflicts, time-zone delays)** with **Git workflow** and **daily SCRUMs**, improving **team alignment**

CERTIFICATES

- Master Generative AI & Generative AI tools (Infosys) | CertificateAug' 2025
- Build Generative AI Apps and Solutions with No-Code Tools | CertificateAug' 2025
- The Bits and Bytes of Computer Networking (Google) | CertificateSep' 2024
- Computer Communications (University of Colorado) | CertificateSep' 2024

ACHIEVEMENT

- Solved 200+ DSA Problems on LeetCodeFeb' 2026
- MEDHA 2024 Hackathon: Achieved 5th rank among 60 teams.Aug' 2024

EDUCATION

- Lovely Professional University**Phagwara, Punjab
- Bachelor of Technology - Computer Science and Engineering – CGPA: 8.34Aug' 2023 – Present
- Touch Wood School**Dehradun, Uttarakhand
- Intermediate – Percentage: 80Apr' 2022 – Mar' 2023
 - Matriculation – Percentage: 90Apr' 2020 – Mar' 2021
